SUMMARY

3rd year Computer Science student (Minor: UX Design) at Wilfrid Laurier University. Proven track record leading web projects end to end, designing accessible interfaces, and quickly picking up new tools. Passionate about building experiences that are both technically solid and a pleasure to use!

EDUCATION

Wilfrid Laurier University | Waterloo, ON | 2023 – 2027 (Expected)

BSc Computer Science | Minor in UX Design | Undergraduate Certificate in Generative AI

TECHNICAL SKILLS

Languages: Python, Java, C#, SQL, HTML/CSS, JavaScript

Tools: Figma, Blender, VS Code, GitHub, Axure, Canva

Skills: Front End Development, Rest API's, UX/UI Design, 3D Modelling, Responsive Web Design, Agile Collaboration

EXPERIENCE

Laurier STEM Publishing Society | Wilfrid Laurier University | Sept 2025 – Apr 2026

VP of Web Development

- Owned and maintained the society website end to end — from feature builds to deployment — using HTML, CSS, and JavaScript.
- Coordinated with publishing and design teams to ship accessible, responsive pages that served the student community.
- Introduced shared component standards, cutting page build time across the team.

Laurier SOS | Wilfrid Laurier University | Sept 2025 – Apr 2026

Academic Tutor – Intro to Programming

- Tutored first-year students in core programming concepts, adapting explanations on the fly to different skill levels.
- Organized and facilitated group sessions and campus events, managing logistics across varying group sizes.

A to Z Tutoring | Mar 2025 – Aug 2025

Tutor

- Delivered academic support in coding, math, and English; designed personalized learning plans and tracked student progress.

PROJECTS

All of my projects live on my personal portfolio site — a fully custom coded website I built myself over several months to reflect both my technical skills and personality: janya282.github.io. It includes front end web builds, 3D and UX work (also on [Behance](https://behance.net/janyawalia565)), and the Laurier STEM Publishing Society website I led as VP of Web Development.

CERTIFICATIONS

TCPS 2 Research Ethics Certification

Undergraduate Certificate in Generative AI – Wilfrid Laurier University (*In Progress*)
